

**WDCU GREENWOOD TROPHY & WESTERN CUP
2026 PLAYING CONDITIONS**

These Playing Conditions shall be used in conjunction with the WDCU Administration rules 2026.

1. All matches should commence by 6.15 pm. Where a club is unable to start by 6.30 pm, the opponents shall have the right to choose who bats first. Any team not ready to commence play by 6.45 pm shall forfeit the match. The nominal finish time should a game be interrupted is 9.15pm.
2. Matches will consist of one innings per side. Each innings shall be limited to 20 overs. Teams should make every effort to ensure that each innings is completed within 80 minutes. On the fall of a wicket, the incoming batsman must cross on the field with the dismissed batsman.
3. The Western Cup and Greenwood Trophy is for Premiership Division Three teams and all Championship teams. Clubs can only enter one team in these competitions.
 - a. Any player listed for a club on the **PlayHQ** system can play in the Western Cup and Greenwood Trophy.
 - b. No Paid Player, Paid Coach or Overseas Amateurs may participate in either of these competitions.
 - c. No more than 2 players who have appeared in each of the previous 2 Saturday League matches in Premiership One and Two may take part. No player who has played for Scotland, Scotland A, Scotland Performance Academy (or any similar successor to the Scotland Performance Academy) or the Western Warriors senior X1 in the last 12 months can play in these competitions. Failure to comply will result in automatic concession of the game.
4. Bowling Restrictions: No bowler may bowl more than 4 overs or **20%** of the available overs in a reduced over match. An over abandoned for any cause is to be completed by another bowler from the same end. This broken over counts as one over to the batting side but as one complete over for each of the two (or more) bowlers involved.
5. A bowler may bowl one short-pitched ball in each over, such a delivery being defined as having passed or would have passed above the shoulder of the striker standing upright at the crease. The umpire at the bowler's end shall advise the bowler and the batsman on strike when such a delivery has been bowled. If another short-pitched ball is bowled in the same over, the umpire at the bowler's end shall call and signal "no ball", and when the ball is dead, caution the bowler and inform his colleague, the captain of the fielding side and the batsmen. A second occurrence of this will result in a final warning and a third occurrence will result in the captain being instructed to take the bowler off forthwith and he will not be allowed to bowl again in the innings. **Any ball that passes over the head of the striker standing upright at the crease will be called a 'Wide' and will count as a short-pitched ball in the over.**
 - a. In the event of a bowler bowling a high full-pitched delivery (above the waist for all bowlers), the bowler's end umpire shall call and signal no ball* and when the ball is dead, caution the bowler and issue a first and final warning. He will inform his colleague, the captain of the fielding side and the batsmen of what has occurred. A second instance of such a delivery by the same bowler in the innings will require the bowler to be taken off forthwith and he will not be allowed to bowl again in the innings.

* The cautions and warnings will only be applied where there is at least one neutral umpire.

**WDCU GREENWOOD TROPHY & WESTERN CUP
2026 PLAYING CONDITIONS**

6. Captains shall agree the degree of strictness regarding wides, before play commences and remain consistent throughout. Bowlers should restrict the length of run-ups.
 - a. Any delivery passing above the head is deemed a 'wide' and counts as the one short-pitched delivery permitted in the over.
7. Two semi-circles shall be drawn on the field of play. The fielding semi-circles shall have as their centre the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 27.45 metres (30 yards). The semi-circles shall be linked by two straight lines parallel to the pitch. The fielding circle shall be marked by white dots 4.5 metres (5 yards) apart, covered by circular white plastic or rubber (but not metal) discs 180 millimetres (7 inches) in diameter.

At the instant of delivery, no more than 2 fielders may be outside the area described above during the first 6 overs or 30% of the scheduled overs in a reduced over innings. Thereafter, no more than 5 fielders may be outside the area described. If this restriction is breached, the striker's end umpire shall call and signal no-ball.
8. At the instant of delivery, no more than 5 fielders are permitted on the leg side. If this restriction is breached, the square leg umpire shall call and signal no-ball.
9. In all competitions, an artificial pitch may be used provided at least 24 hours' notice is provided to the opposition that the use of such surface may be a possibility.
10. Where a match is in progress, clubs are strongly encouraged to continue play in less-than-ideal conditions. However, no play may take place in conditions which, in the opinion of the umpires, present an obvious and foreseeable risk to the safety of any player.
11. In a match when the start is delayed or play is suspended:
 - a. The object shall always be to rearrange the number of overs so that both teams shall bat for the same number of overs (minimum 10 overs per team). The reduction in the number will be in the ratio of 1 over per team per 8 minutes or part thereof of the actual playing time lost.
 - b. If there is a suspension of play during the innings of the team batting second, that team will bat for a number of overs to be based on a rate of one over per 4 minutes or part thereof of the actual playing time lost.
 - c. In the event of a suspension occurring in the middle of an over, the total number of overs to be bowled will be calculated as in (11.a) and the over completed on the resumption of play.
 - d. If the side batting second is unable to receive the same number of overs as the side batting first, utilise the Duckworth/Lewis/Stern Method (Appendix A) to calculate a par score. To win, the side batting second must score one more than the par score. Should the side batting second equal the Duckworth/Lewis par score, the match shall be tied.
 - e. If after the restart of play it is discovered that the wrong Duckworth/Lewis target has been set, the faulty target shall stand.
12. Any match abandoned after 10 overs of the second innings have been completed shall be decided on the Duckworth/Lewis/Stern Method (Appendix A.) If the result under the Duckworth/Lewis/Stern method for an abandoned match is a tie, the winner shall be the side with the higher score at the end of the 10th over and so on back to the end of the first over until a result is produced.

**WDCU GREENWOOD TROPHY & WESTERN CUP
2026 PLAYING CONDITIONS**

13. In a completed match, the side with the higher total of runs will be the winner. Where the scores are level in a completed game the side having lost fewer wickets will be the winner. If each side has also lost the same number of wickets then the winner shall be the side having scored more runs at the completion of the 19th over and so on back to the end of the first over until a result is produced.
14. In the group stages of the Western Cup, the winning side shall be awarded 2 points. The losing side shall score 0 points. A tie or no result shall score 1 point to each side. A concession shall be penalised by -2 points to the conceding side.
15. Placings in the group stages of the Western Cup will be based on number of points. Should sides finish equal on points then Net Run Rate (NRR) will determine final positions.
16. In the knock out stages of either competition, should the WDCU CMC decree that a result has to be reached on the night of a match and no play/no result occurs, then the winner shall be determined as follows:
 - a. Bowl out. Five players from each team, alternately, will bowl overarm two consecutive deliveries each at three stumps at a distance of 22 yards. The team scoring the greater number of “hits” shall be the winner. A “hit” is scored only if the ball removes completely either bail from the top of the stumps i.e. the wicket is down (Law 29). If the scores are equal the same cricketers will bowl one ball each alternately, in the same order, to achieve a result on a “sudden death” basis. Each side must have an equal number of deliveries before a result can be declared.
 - b. In the event that a bowl out is not possible, then the result will be decided by a toss of the coin. The Home Captain shall execute the toss and the away Captain will call.
 - b. In the event that a coin toss is not possible, the result will be determined by the WDCU CMC through a coin toss by a nominated individual(s) of the CMC and shall be recorded by the WDCU Administrator.
17. Discipline
 - a. Law 42. Shall only apply where at least one umpire appointed by CS is standing
 - b. All clubs, players and team officials are expected to maintain a high standard of behavior as laid down by the current CS Code of Conduct:
 - a. <https://www.cricketscotland.com/Explore/Policies/CodeOfConduct>
 - c. All clubs are reminded of their responsibilities under the laws of the game. All stakeholders shall conduct themselves in accordance with the Laws of cricket and the Spirit of Cricket preamble, showing full respect to umpires and accepting all decisions – whether made by appointed or player umpires – and WDCU reserves the right to take disciplinary action against any individual and/or club failing to uphold these standards.
 - d. For the sake of clarity, in addition to any onfield sanctions applied via law 42, each offence will be reported off field by the Umpires, under the guidelines contained within CS Code of Conduct.
 - e. Any club or player or team official found in breach of the Code may be liable to such action as deemed appropriate and necessary by the Cricket Scotland Disciplinary Committee, in accordance with the CS disciplinary process. The latter also includes an appeals procedure which does not apply to Level 1 offences.
17. The control and management of the competition shall be vested solely in the WDCU CMC whose decision in all matters relating to the competition, including these Rules and Regulations, shall be final.

**WDCU GREENWOOD TROPHY & WESTERN CUP
2026 PLAYING CONDITIONS**

Appendix A - Duckworth/Lewis/Stern

The rules of these competitions mandate that the Duckworth/Lewis/Stern method is used to determine the results of matches that are prematurely curtailed by weather.

Following recommendations by Cricket Scotland clubs should use the latest version of Duckworth/Lewis/Stern.

If a computer is available, then the above should be followed, where a computer is not available the use of a suitable app on a phone/tablet etc. is permitted. It is recommended that one of the following apps are used:

<https://itunes.apple.com/us/app/duckworth-lewis-calculator/id525417125?mt=8>

or

<https://play.google.com/store/apps/details?id=uk.co.rfear.android.dlcalc&hl=en&rdid=uk.co.rfear.android.dlcalc&pli=1>.

(Please note that when using an app, Umpires and both Captains must agree what app is to be used).

Please remember that the objective is to achieve a result, and that the spirit of the game must be the first priority when matches are decided using this method.
